666 30TH AVENUE, SAN FRANCISCO, CA 94121

JULY 2007, VOLUME XXIII, NUMBER 1

Dear Northern California Princeton community,

In my leadership of the Princeton Club of Northern California over the last year, I have come to understand how many local alumni give tirelessly their energy and support to strengthen the Princeton ties regionally. In this first newsletter of the new fiscal year, I would like to highlight the work of two local alumni affiliate organizations composed of volunteers: The three Alumni Schools Committees in Northern California target 100% of local applicants to receive an interview and feel welcomed into the University community; and the Princeton Prize in Race Relations Bay Area Committee coordinates a region-wide outreach to recognize high school students employing innovative methods to enhance race relations.

If you are excited by the results of these affiliates' efforts on behalf of Princeton, please consider volunteering. There is always more positive work to be done! If you are not able to give time, you are welcome to make a targeted donation to one of these affiliates in your PCNC membership registration. Your donation of time and/or money makes a difference to the health of these groups.

Yours truly,

Christina Cragholm '97 S'96

THE NEXT GENERATION OF PRINCETONIANS... THE CLASS OF 2011 RESULTS ARE IN!

One of the best ways for alumni to stay in touch with the Princeton community is by donating time to interview the next generation of Princeton students through the Alumni Schools Committee (ASC). In the Northern California area, we have three distinct ASC regions:

SAN FRANCISCO AND NORTH EAST BAY AND CENTRAL VALLEY PENINSULA AND SOUTH

Even with Northern California divided into thirds, all three regions are among the top 15 worldwide in terms of applicant numbers!

Overall, Princeton received a record 18,942 applications for the class of 2011 and offered admission to 1,791 students (9.5%). Of these total applicants, 1,092 of them reside in Northern California. Our five Alumni Schools Committee chairs coordinated interviews for 96.5% of these prospective students using an army of alumni volunteer interviewers. Especially given the applicant numbers the three committees faced, the interview percentage is remarkable and higher than the worldwide interview percentage of 95%. On average, each alumni interviewer spends time to interview 3 to 4 applicants, with some interviewers going above the call of duty to interview 15-20 students!

In the end, the ASC volunteers' work paid off as there were 118 candidates admitted in the area (10.8%) that yielded 65 matriculants who accepted the offer and will enroll in the fall. Please join me in thanking all the ASC volunteer interviewers and the ASC regional chairs for donating their time and energy

(Peninsula & South Bay Class of 2011 Admit Reception, April 2007.)

to encouraging the local talented and impressive youth to move to New Jersey for their college experience.

If you would like to register to help with next year's Alumni Schools Committee interviews, please contact your regional chair. Alternatively, consider ear-marking a donation for ASC when you fill out your dues form. This donation supports the costs of organizing a congratulations party for the admitted students each spring and a 'send-off' party in the summer in each region. This personal touch offered by Princeton is a selling point for these applicants and is an instrumental part of the recruiting process to attract the best and brightest to Princeton.

LOCAL STUDENT WINS PRINCETON PRIZE FOR HER EFFORTS TO PROMOTE UNDERSTANDING OF DIVERSITY

THE PRINCETON PRIZE IN RACE RELATIONS was founded in 2003 by Henry Von Kohorn '66 as an awards program to recognize high school students for outstanding work in their schools or communities to advance the cause of race relations. In its second year of being offered in the San Francisco Bay Area, the Prize Committee selected an Award Winner, four Honorable Mentions, and seven Certificates of Accomplishment recipients. All twelve of these remarkable high school students were recognized at a ceremony attended by over 50 people at Preservation Park in Oakland on Saturday May 19, 2007.

THE AWARD WINNER grant of \$1000 was awarded to high school senior Aki Shibuya. She is a founding member and President of the Diversity Club of Miramonte High School in Orinda, CA. Initially created to directly address racially intolerant and insensitive behavior demonstrated by a group of students during an interscholastic sporting event, the Diversity Club quickly expanded its message of promoting harmony, understanding and respect among people of different races through the educational activities of a Diversity Week. Drawing inspiration from a day of racial intolerance, the Diversity Club and Aki have furthered their work with other student organizations to promote harmony and understanding through a race relations awareness month and the "Take it Back" campaign recording and reporting the rate of intolerant language demonstrated at the school. This fall, Aki will be attending Grinnell College in Iowa where she hopes to pursue a major in history and political science. The Princeton Prize in Race Relations recognizes Aki for her leadership in promoting racial harmony and respect in her school and community.

THE SAN FRANCISCO BAY AREA program is chaired by John Jenkins '97 and Rosio Pedroso '93 and coordinated by local alumni volunteers: Anna Cabrera '92, Christine Holland '03, Rishi Jaitly '04, Vitus Lau '79, J. Michael Phelps '71, Carmen Plaza de Jennings '75, Arthur Taylor '97, Joe To '95, and Max Yeh '91.

Please consider joining the local Prize Committee or ear-marking a donation for PPRR when you fill out your dues form. While the \$1000 grant is managed through an endowment at the national level, your donation supports the costs of organizing the local awards ceremony and providing nominal awards to the honorable mention and certificate winners each spring.

Some Youths in Need!**

Volunteer at the Larkin Street Youth Services Drop-In Center. Join Princeton alumni in helping Larkin Street Youth Services in their mission to respond to the unique needs of home-

less and runaway youth on the streets of San Francisco.

Larkin Street has worked over the years to meet both the immediate and long-term needs of the young people they serve.

Our primary responsibility at Larkin Street will be to prepare a hot lunch at the Drop-In Center. The youth at the center will be encouraged to help out with the cooking, as it is an important life skill for them to learn and would provide for some meaningful interaction. We will also help with property refurbishment (most likely painting).

Please note that all volunteers at Larkin Street must be at least 21 years of age.

PCNC NON-PROFIT NETWORK

The PCNC is gauging interest from our local alumni for a non-profit networking and information event. Depending on feedback, this event could be a roundtable discussion among peers in the non-profit field or a non-profit "fair" for sharing information with the Princeton community.

If you are staff, volunteer or board member of a local non-profit who would be interested in participating in such an event, please reply to PCNC Board member Suzy Tompkins '96 with your contact information and a short description of what type of event would be interesting and useful to you and your organization. If you would be interested in organizing such an event, please indicate so.

Princeton Women's Network Food for Thought
Alumna Shares Philosophy of 'Sport of Motherhood'

Silicon Valley mother of four Genevieve Hutcheson Butcher '89 has run many marathons, but the rewards have been more tangible than just crossing the finish line. She has spun her experiences into a philosophy and methodology called "The Sport of Motherhood."

Join her as she introduces the topic to a cozy group of local alumnae in Palo Alto. Discussion of the topic and the participants' experiences will be accompanied by dinner and beverages.

To reach her target audience of busy moms, Butcher '89 has introduced her Sport of Motherhood program in multiple formats: as a TV talk show, a book, a website, special-topics classes, an email newsletter, boot camps, and even an online help column.

As her book overview highlights, the Sport of Motherhood is not about being a supermom.

It's about discovering your goals and learning to pace yourself so that you will get where you want to go. It's about learning to run *your* race.

Her book "The Sport of Motherhood: Training Tips for a Full & Balanced Life" will be available for purchase at the event. Butcher '89 graduated with a B.A. in Art and Archeology from Princeton and received Masters Degrees in Secondary Education and English Literature from Penn.

"Food for Thought" is a quarterly Princeton Women's Network event that provides an opportunity for alumnae to engage in focused discussion on a wide variety of topics.

When RSVPs are final, the hostess will coordinate potluck plans with the attendees. If necessary, attendance will be limited by the space available.

Princeton Women's Network Annual Tea
Tea and Recipe Exchange

The Annual Tea is a favorite event on the PWN calendar for many reasons, but most of all for the excellent conversation! With so many accomplished and intelligent Princeton women with such a wide variety of interests, careers, and life experiences, each tea is an inspiring

and delightful afternoon.

This year we're going to forgo the traditional panel/discussion format to allow more time for casual socializing. However, we will maintain a simple element of "program" by having a tea and recipe exchange. Participants are asked to bring either tea or a treat (sweet or savory) and copies of the recipe to share. If you bring tea bags or loose leaf tea to share, or if your treat came from that fabulous bakery on your block, please bring information on where we can purchase that tea or treat as your "recipe".

We look forward to seeing you at Stephanie Anderson '74's home on Sunday, September 30. When you RSVP to suzytompkins@yahoo.com, please include your class year, a bit about yourself and what tea or treat you'll bring with you to the social.

Blue Angels Air Show at Fleet Week

6th Annual PCNC Social on Private Chartered Yacht

Princeton Club members will have the best seats in town for the legendary Blue Angels Air Show for Fleet Week, one of San Francisco's favorite annual events. The Commodore Merlot will be filled with orange and black as Princetonians enjoy a 3-hour cruise featuring gourmet hors d'oeuvres and a cash bar for beverages. We'll depart from Pier 40 and take in San Francisco Bay's most beloved sights: AT&T Park, Pier 39, Fisherman's Wharf, Ghiradelli Square, Alcatraz, the bridges and maybe even some sea lions and harbor seals. There will be indoor and outdoor seating from which to enjoy the views. Wear your orange and black for the festivities!

The yacht will begin boarding at 1:00 pm at Pier 40 in South Beach Harbor near AT&T Park in San Francisco and will depart promptly at 1:30 pm. (Note: Pier 40, South Beach Harbor is near AT&T Park and not next to Pier 39!) The yacht will return and dock at 4:30 pm.
